

## Our Environmental Policy

It is the policy of our company to manufacture and supply products, adhering to relevant environment laws, regulations and other demands applicable to our organisation.

- ⇒ We are committed to prevention of pollution
- ⇒ We are committed to continual improvement of all our processes that are relevant to the environment and the prevention of pollution
- ⇒ Our processes are constantly monitored, reviewed and audited to confirm conformance and identify improvements.
- ⇒ Environmental implications are considered in the design and manufacture of our products
- ⇒ We involve and encourage our stakeholders in our business to be involved in the protection of the environment.
- ⇒ This environmental policy is communicated to employees; business partners and is available to the public.
- ⇒ We have an Environmental Management System that complies with ISO 14001:2004
- ⇒ We review this policy and our environmental objectives and targets on a regular basis.
